

The Chalice

**a powerful weekend workshop for women
with Janet Parker**

*The best and most beautiful things in this world
cannot be seen or even heard, but must be felt
with the heart. - Helen Keller*

All women are filled with power, passion, spirit, creativity and ageless knowing - yet sometimes we lose touch with all that we are and hold back our true expression.

The Chalice is designed in the female tradition as a vessel in which awareness, healing and empowerment can take place. In the workshop, you will tap into the deep well of wisdom, strength and joy that you have inside.

This workshop is a nurturing and fun environment for all women who want to discover and be more of who they really are.
